THE LANDMARKS OF DALLAS HAVE A  
**NEW COMPANION**

Rising 26 stories at the intersection of Cedar Springs and Maple Avenue, 23Springs presents a new kind of office experience for Dallas' flourishing workforce. Rich in natural light, design, and community connection, the iconic tower presents inspired architecture, accommodating amenities, and extraordinary walkability to everything Uptown has to offer. This newest landmark property is complete with a high-end fitness studio, a sophisticated street-level park, dramatic views of the city, and numerous restaurants. 23Springs has been designed to compliment not just the way you work, but the way you live.

## CREATIVITY HAS A CORPORATE ADDRESS

Surrounded by scores of dining and living options, 23Springs is located in the dynamic — and walkable — heart of Uptown. This remarkable address provides accessibility to the adjacent Central Business District, as well as cultural and entertainment corridors, including the Dallas Arts District, Victory Park, the West End, Deep Ellum, and the Design District.

Minutes from the Dallas North Tollway and North Central Expressway, 23Springs places patrons just a short drive from sophisticated residential communities and the Dallas Love Field airport.

CENTERED IN THE CITY

# ANCHORED IN INNOVATION

The highest engineering, curated art, and versatile planning come together at 23Springs to create a distinctive work environment. Tree-lined pathways and a private motor court set the stage for an elevated arrival, while a dramatic, two-story lobby reveals a hive of activity just steps away from a coffee-and-wine-bar, numerous restaurants, and a neighborhood park.

AN EXPERIENCED ENSEMBLE  
**AN EXTRAORDINARY  
DEVELOPMENT**

23Springs is the masterwork of developer, owner and operator Granite Properties. Committed to excellence, the multidisciplinary firm brings more than three decades of expertise and a diverse portfolio to the project. Together with architect GFF, Granite Properties has cultivated an all-encompassing mixed-use experience in Dallas' Uptown.

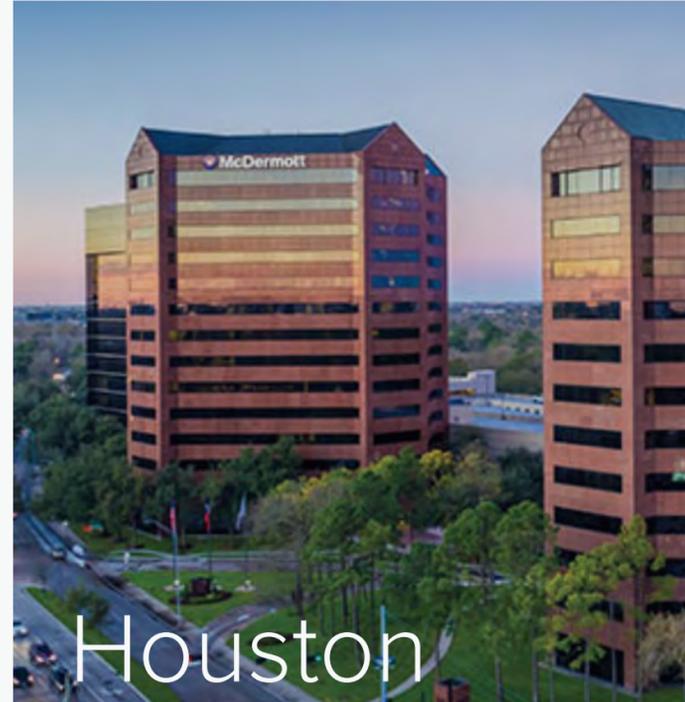

# Granite

Inspiring people to flourish through the places we create.

Granite Properties is a privately held commercial real estate investment, development and management company founded in 1991, with offices in Dallas, Houston, Atlanta, Denver and Southern California. It has completed more than \$7 billion in real estate transactions and more than 27.1 million square feet of real estate development and acquisitions. Granite focuses on creating extraordinary customer experiences in each building through mixed-use environments rich in amenities and customer-centric service to help people flourish. Granite, a NREI Top Office Owner, has been named as one of FORTUNE's Best Workplaces for nine consecutive years.

## Needlepoint Bipolar Ionization (NPBI)

Needlepoint Bipolar Ionization continually purifies the air we breathe by producing high concentrations of positive and negative ions. These charged atoms attach to and surround harmful pathogens and virus particles to deactivate and destroy their ability to replicate. Additionally, as these ions cluster, they become larger in size, making them easier to catch and filter out of the air. An independent study by Aviation Clean Air showed that NPBI reduced 99.9% of microbes, bacteria, mold, and viruses (including Covid-19) in a matter of minutes. By combining this NPBI technology with our existing high-quality HVAC systems, our filtration levels achieve equivalency to a Merv 13 filter or higher — meeting the ASHRAE standards for fighting Covid-19 and creating a cleaner environment similar to most hospital standards.

## Bipolar Ionization

Bipolar ionization in all elevators cabs renders pathogen transmissions inactive up to 99% and provides a worry-free ride to each floor of our buildings.

## Touchless Restroom Features

Touchless restroom features include touchless flush, faucets, and paper as well as foot pulls to open the door.

## NanoSeptic® Skins

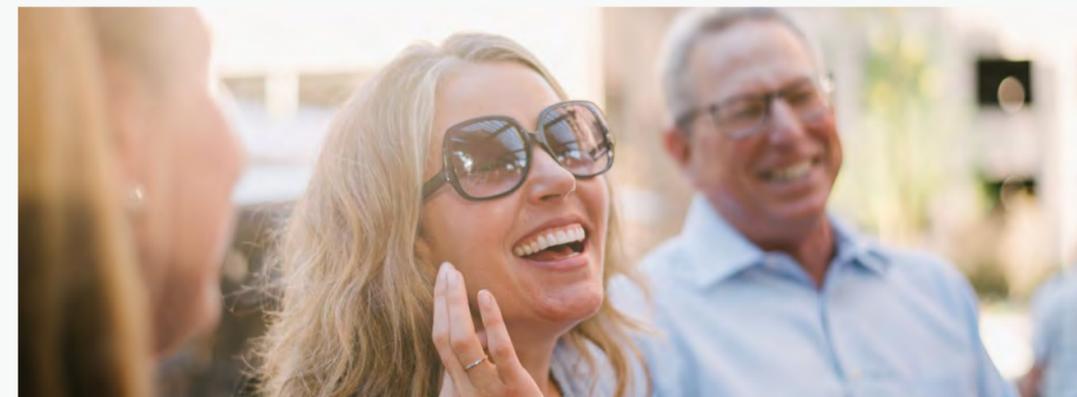

Powered by light, NanoSeptic® Skins and Mats turn dirty, high-traffic public touchpoints into continuously self-cleaning surfaces.

## Additional Initiatives

The office tower will maximize fresh air supply and expand cleaning protocols across each floor.

## Outdoor Workspaces

Outdoor lounges are activated for work with meeting space, televisions and Wi-Fi, allowing tenants to connect with nature for a wellness-minded work experience.

together we  
**connect**<sup>™</sup>

TogetherWeConnect is the heartbeat of the Granite experience with the goal of allowing our customers to flourish in their environment.

Through specialized amenities and activities, we develop meaningful connections in the workplace, give back to the community and improve our customers' overall wellness.
